

Nordic Platelet Symposium

Copenhagen

June 18-19th, 2021

Welcome to the 2nd Nordic Platelet Symposium in Copenhagen

The symposium has received financial support from several pharmaceutical companies.

Orientation and registration June 17th from 17.00 pm

Friday, June 18th 2020 8.45 am – 6.15 pm. Dinner from 7.30 pm.

Welcome 8.45 am

Thrombopoietin beyond ITP 9 – 10.15 am

Chair: Mimi Kjaersgaard, Attending, MD, PhD, Department of Adolescent and Pediatric Medicine, Rigshospitalet

TPO-R Agonists Beyond ITP: The History of Failures and Successes

Honar Cherif, Ass. Professor, Head of Dept. of Hematology, Uppsala University Hospital

Transient use of TPO in ITP Waleed Ghanima, head of research, MD, PhD, Sykehuset Østfold, Norway

Abstract presentation:

Inhibition of the Classical Pathway of Complement with Sutimlimab in Chronic Immune

Thrombocytopenic Patients Without Adequate Response to Two or More Prior Therapies. Broome

CM, Röth A, Kuter D, Scully M, Smith R, Wang J, Reuter C, Hobbs W

Coffee break 10.15-10.45

Platelets in cancer 10.45 am – 12.45 pm

Chair: Eva Leinø, Consultant, Department of Hematology, Rigshospitalet, Copenhagen

Platelet function and adverse outcomes in cancer, Julie Brogaard Larsen, MD PhD, Århus University Hospital, Denmark

Neutrophils and platelets conspire in NETs and contribute to cancer associated organ dysfunction, Jessica Cedervall, assistant professor, MSc, PhD, Uppsala University

Tumor-educated platelet RNA for the early detection and monitoring of cancer, Myron Best, MD PhD, VU University Medical Center, Amsterdam

Lunch 1-2 pm

Platelets in infection and inflammation 2.00 – 3.30 pm

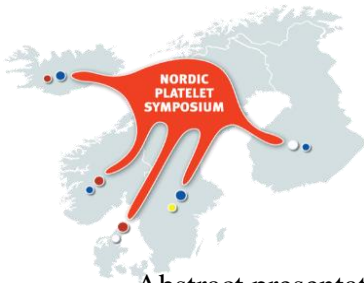

Chair: Jens Jens Kjeldsen-Kragh, MD, PhD, Senior Consultant Physician, Clinical Immunology and Transfusion Medicine, University and Regional Laboratories Lund

Platelets as immune effector cells

Rick Kapur, MD, PhD, Sanquin Research, Amsterdam

To be confirmed: Platelet activation in streptococcal sepsis

Oonagh Shannon, Lund University, Sweden

Abstract presentation:

Platelet depletion of human whole blood reveals that platelets potentiate the release of IL-8 in a thrombin-dependent manner Quach QH, Johnson C, Mollnes TE, Nilsson PH

Acid treatment and irradiation of apheresis platelet concentrates for transfusion of refractory patients Mirlashari MR, Vetlesen A, Nissen-Meyer LSH, Hetland G

Coffee break 3.30-4.00

Platelets in thrombotic microangiopathies 4.00– 6.15 pm

Chair: Olafur E. Sigurjonsson, M.Sc, PhD, Manager/ Professor, Department of research and development, The Blood Bank, Landspítali, University Hospital, Reykjavik University and Eva Zetterberg, MD PhD, Skåne University Hospital, Department of Hematology and Coagulation, Malmö

TTP, the clumping plague – consequences of lacking Von Willebrand factor size regulation

Johanna A. Kremer Hovinga, MD, Professor. Department of Hematology and Central Hematology Laboratory, Bern University Hospital, University of Bern

Blood cell-derived microvesicles in thrombotic microangiopathies Diana Karpman, professor, MD, PhD, Lund University

To be confirmed: Clinical characterization and identification of rare genetic variants in atypical hemolytic uremic syndrome, Alexander Åkesson, MD, Skåne University Hospital Malmö, Sweden

Abstract presentation:

Efficacy of Caplacizumab in Patients with aTTP in the HERCULES Study According to Baseline Disease Severity Coppo P, Cataland S, Peyvandi F, Knoebl P, Scully M, Hovinga JAK, Metjian A, de la Rubia J, Pavenski K, Mi Edou JM, De Winter H, Sousa RP, Callewaert F

Saturday, June 19th 2020 9.15 am – 1.00 pm

Welcome 9.15 am

Platelets in thrombotic microangiopathies 9.30 am– 10.45 pm

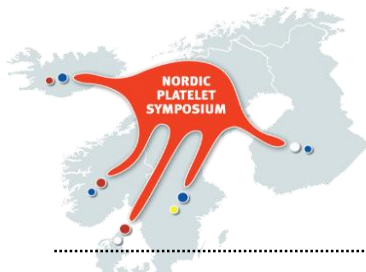

Chair: Anne-Mette Hvass, Professor, MD, PhD, Thrombosis and Haemostasis Research Unit, Department of Clinical Chemistry, Aarhus University Hospital

Platelets in SLE and APS - a promotor of inflammation

Anders Bengtsson, professor, MD, PhD, Lund University, Sweden

Immune recognition of ADAMTS13 in acquired TTP

Jan Voorberg, professor, Dr Med. Sanquin Research and Landsteiner Laboratory, Amsterdam UMC, University of Amsterdam

Coffee break 10.45-11.15

Platelets; the aggressors or the peace-makers in pulmonary complications in transfusion 11.15 – 1.00 pm

Chair and moderator of panel discussion: Rick Kapur, MD, PhD, Saquin Research, Amsterdam

Making TRALI platelet-dependent

Beatrice Hechler, PhD, Etablissement Français du Sang-Alsace (EFS-Alsace), Strasbourg, France

CD40L/CD40 pathway involvement in experimental transfusion-related acute lung injury,

Fabrice Cognasse, PhD, Director of Scientific Affairs, the Auvergne Rhone-Alpes Regional Branch of the French Blood Establishment (EFS) and Lyon University

Venue IDA Conference, Kalvebod Brygge 31-33, Copenhagen

Steering committee

Anne-Mette Hvas, Aarhus

Ólafur Eysteinn Sigurjónsson, Reykjavik

Eva Leinø, Copenhagen

Ole Halfdan Larsen, Aarhus

Eva Zetterberg, Malmø

Riitta Lassila, Helsinki

Jens Kjeldsen-Kragh, Lund

Sisse Rye Ostrowski, Copenhagen

John Semple, Lund

Ulf Schött, Lund

Coordinator: Mimi Kjaersgaard, Copenhagen, mimi.kjaersgaard@regionh.dk

Good bye and thank you for 2021
– hopefully we will be able to do it again!

Thank you to our sponsors
